PROFILE

Skilled in developing scalable, SEO-performance-enhanced, and responsive web applications using ReactJS, NextJS, and Redux Toolkit. Proficient in modern JavaScript frameworks, including TypeScript, ES6+, and state management tools like Redux and Context API. Expertise in Tailwind CSS, Bootstrap, server-side rendering, API integration, cross-browser compatibility, performance enhancement, and building accessible, user-focused UI components

KEY SKILLS

- **Languages:** HTML, CSS, JavaScript (ES6+), TypeScript, NodeJS
- **Frameworks and Libraries:** ReactJS, NextJS, ExpressJS
- **State Management:** Redux, Redux Toolkit, Context API
- **UI Frameworks:** Tailwind CSS, Bootstrap, shadcn/ui
- **Development Tools:** Visual Studio Code, Postman, Figma, Chrome DevTools, React Developer Tools, Lighthouse
- **Package Managers:** npm, Yarn, pnpm
- **Version Control:** Git, GitHub, GitLens
- **Skills:** SEO Optimization, Performance Tuning, Team collaboration, Attention to detail

PROFESSIONAL EXPERIENCE

MLAI Solution

Front-end Developer February 2024 – November 2024

Developed scalable and reusable UI components using **ReactJS** and **NextJS**, focusing on responsive design, cross-browser compatibility, and performance optimization. Worked with teams to implement innovative features, enhance user experience, and debug front-end issues across platforms for maximum efficiency.

Hobit Technologies Pvt Ltd

Frontend Developer April 2023 – January 2024

Collaborated with designers and back-end engineers to deliver responsive web applications using **ReactJS**, **NextJS**, and **Tailwind CSS**. Contributed to improvement of the user interface, bug fixes, and server-side rendering for better SEO. Ensured the delivery of high-quality code through rigorous testing practices.

Imperial Auto Industries Ltd

Frontend Developer (Intern) July 2022 – March 2023

Assisted in creating intuitive and interactive user interfaces using **HTML**, **CSS** and **Bootstrap**. Participated in the debugging of front-end code and the integration of RESTful APIs to improve dynamic functionality. Gained experience in collaborating with teams to complete project goals within deadlines.

EDUCATION

Bachelor of Computer Applications (BCA)

Indira Gandhi National Open University (IGNOU)

Specialized in Computer Applications with a focus on web development, programming languages, and software engineering. Gained proficiency in building dynamic web applications and managing full-stack projects.

Senior Secondary Education (Class 12th)

Haryana Board of School Education (HBSE)

Stream: **Science (PCM - Physics, Chemistry, Mathematics)** Developed a strong foundation in analytical problem solving and computational thinking. Excelled in mathematics and applied science subjects, fostering an interest in technology and programming.

PROJECTS

Luxe Furniture - E-commerce Platform (development mode) 🌐 [Website](#) 🐙 [GitHub](#)

Built a fully functional e-commerce platform for furniture with features such as dynamic product filtering, user authentication, and secure payment integration. The application uses **MongoDB**, **Express**, **Node.js**, and **NextJS** to ensure high performance, scalability, and responsiveness.

HotPizza - Online Ordering System 🌐 [Website](#) 🐙 [GitHub](#)

Developed an online pizza ordering platform with real-time order tracking, menu customization, and a responsive interface. The project utilizes **NextJS**, **Redux Toolkit**, **Shadcn UI**, and **Tailwind CSS** to provide a sleek and responsive solution to users. The app ensures a smooth user experience and fast interactions with an optimized UI/UX design.

CERTIFICATIONS

Certificate of Proficiency in ReactJS, NextJS and JavaScript | **Issuing Organization:** KG CODIN

ACHIEVEMENTS AND CONTRIBUTIONS

Optimized application performance by reducing the rendering time of React components. Actively contributed to open source projects and mentored peers on front-end development best practices.
